YOUR ACTION ITEMS FOR 2019
WINTER EXEC:

Continue to support future webinars. Eric Amis confirmed as future Webinar Chair

2018 Summary

POLY had three more webinars in 2018. The statistics from these have been e-mailed from ACS Webinars to POLY. Registrants from the three webinars were: 792, 739, and 686. An overview is attached. Satisfaction level was very high. Many new POLY members were gained through this endeavor (Kathy likely has the numbers). Webinars archived on POLY's YouTube site.

Budget update: \$0

IPG grant is finished (report attached).

Prof. Eric Amis has taken the reins on POLY Webinars, and it is my understanding that he will submit a proposal to continue them in 2019. He has good plans to get the numbers even higher, and I am fully supportive.

This program should be continued and supported by POLY. This brings benefit to numerous POLY members that do not attend the ACS National Meetings.
